She headed up involvement, to help others, by volunteering with any of the family members singing abilities or service projects,

especially to those in need. She taught compassion for others. One of the family highlights was going to the Boundary Waters canoe area, where she was famous for her fresh picked blueberry pies that she cooked in a Dutch oven, over a fire. The outdoors was a love of hers and she noticed and could identify the birds and flowers and always loved the natural beauty around her.

She enjoyed many projects to include handiwork, embroidery, crocheting, and crafts. Edna had a gift of writing cards, letters and notes to her friends and family. She never missed an occasion to send a Birthday greeting or letter. She was an avid reader and always had a book nearby. She held several part time jobs to include the Bus Driver for Osseo Public schools, Dale Tile, and Dunkin Donuts. She also headed up the annual family job experiences at the Minnesota State Fair. She was very good with planning and teaching her children about making money, managing it and setting a goal to make a dream happen. Later, she went to College and graduated from North Hennepin Jr. College with an Associate of Arts Degree in 1979. She also graduated from Hennepin Vocational Technical school in Floral Arranging.

Her Christian faith and Love of Jesus was always a huge part of her life. She was baptized; May 23,1942 in the Seventh-day Adventist Church. She read her bible, read bible stories to her children, worshipped regularly, prayed, and sang many hymns and songs. She read several devotions daily for strength, and guidance. Edna was a supporter and encourager to others outside of her family as well. She talked on the phone, visited with many people and prayed with them. She connected as a friend and encourager. She cared for her own Mother and was very close to her. She included her in all of the family events and helped her, when she aged.

Edna loved all of her grandchildren and spent many happy times together with them and their families. She went to live with her daughter Cheryl, husband Paul and 3 children: Christopher, Cassandra and Megan, when she was in her 70's. Her son- in-law, Col (Dr) Paul L. Scholl, USAF (ret), was in the United States Air Force and she had the opportunity to move several places with their family, around the nation. She enjoyed each city and experience. But most of all, she appreciated the love of a caring and loving family and constant, compassionate care for her, throughout the rest of her life. She was very blessed to have great grandchildren.
